NATIONAL MILITARY SERVICE AND SECURITY

1.0 CTE Credit

Developed in partnership with the Arkansas National Guard and DCTE, this year-long course will explore the history and role of the US military and civil service from a national perspective. Topics will include the military’s distinct service components, its origins, its evolution over time, its missions and capabilities, and its contributions to national security both at home and abroad. The course will also examine the challenges and opportunities facing the military in the 21st century, such as homeland security, natural disaster response, and overseas deployments. This is the first of a 3-course series in the new Arkansas Military Service and Security Pathway.
